FL: Children's Week a Success

Filed under: [Florida, PreK, State Advocacy Days](#) — ececonsortium @ 11:47 am

The 15th Annual [Children's Week](#), a statewide event that includes hundreds of activities and events in communities in all 67 counties in Florida as well as at the Capitol – each designed to promote the health, safety, and well-being of children and families, was held the week of April 11.

Early Care and Education Consortium members and staff met with state legislators, including many named to the budget conference committee, to help them understand that School Readiness child care subsidy and VPK are critical to families, communities and the economy.

Thank you to members who also encouraged their staff to send us stories about the importance of School Readiness child care subsidy and Voluntary PreK (VPK). Their stories were shared with legislators.
